    • No, these two processes can be done separately if you choose.

14. Will I use the same password to make an online payment as I currently use to submit a work history report via the Web?
    • If you have been using the Web self-service application, you can use the same password you have used in the past. However, if you submit your payroll via the file transfer protocol (FTP) upload method that was in place before the implementation of the web program, you will need to contact Customer Service at 1-888-864-8363 to be assigned a new password and user name.

15. I have been submitting my payroll file electronically through the payroll file upload process, rather than through the web/self-service option. Can I use the online payment option?
    • You certainly can. However, you will need to follow a different navigational path through the OP&F website (www.op-f.org). Please refer to the User Guide.

   Note: You may keep your current password, but we will ask you to use the user name that matches your four-digit city code. For more information on how this process will work, please contact John Davis, Employer Education Manager at 1-888-864-8363.

16. Is it mandatory that payments be made through OP&F’s online payments system?
    • No. However, we believe this is the most efficient and easy way to make your payments to OP&F. No need to worry about postage or mail delays that could result in late payments.

17. Will you keep a history of my payments?
    • Yes. When you log on, you will be able to access a tab called “Payment History.” It will allow you to view a detailed description of all online payments made. The Payment History Tab will capture the date you requested the payment and the payment amount.

    • Please contact L.J. Adkins (ladkins@op-f.org) or Laura Gdula (lgdula@op-f.org), at 1-888-864-8363. OP&F will send you the sign-up information and more details.
