## Independent Auditor's Report

The Retirement Board  
Ohio Police & Fire Pension Fund  
and The Honorable Keith Faber

### Report on the Schedules

We have audited the accompanying schedule of employer allocations of the Ohio Police & Fire Pension Fund as of and for the year ended December 31, 2019, and the related notes. We have also audited the total for all entities of the columns titled net pension liability, total deferred outflows of resources, total deferred inflows of resources, and total employer pension expense (specified column totals) included in the accompanying schedule of pension amounts by employer of the Ohio Police & Fire Pension Fund as of and for the year ended December 31, 2019, and the related notes.

### Management's Responsibility for the Schedules

Management is responsible for the preparation and fair presentation of these schedules in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the schedules that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express opinions on the schedule of employer allocations and the specified column totals included in the schedule of pension amounts by employer based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the schedule of employer allocations and specified column totals included in the schedule of pension amounts by employer are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the schedule of employer allocations and specified column totals included in the schedule of pension amounts by employer. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the schedule of employer allocations and specified column totals included in the schedule of pension amounts by employer, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the schedule of employer allocations and specified column totals included in the schedule of pension amounts by employer in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the schedule of employer allocations and specified column totals included in the schedule of pension amounts by employer.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## Independent Auditor's Report (Continued)

### Opinions

In our opinion, the schedules referred to above present fairly, in all material respects, the employer allocations, net pension liability, total deferred outflows of resources, total deferred inflows of resources, and total employer pension expense for all participating entities of the Ohio Police & Fire Pension Fund as of and for the year ended December 31, 2019, in accordance with accounting principles generally accepted in the United States of America.

### Other Matter

We have audited, in accordance with auditing standards generally accepted in the United States of America, the financial statements of Ohio Police & Fire Pension Fund as of and for the year ended December 31, 2019, and our report thereon, issued June 30, 2020, expressed an unmodified opinion on those financial statements.

### Restriction on Use

Our report is intended solely for the information and use of the Ohio Police & Fire Pension Fund's management and Ohio Police & Fire Pension Fund's employers and their auditors as of and for the year ended December 31, 2019, and it is not intended to be, and should not be, used by anyone other than these specified parties.

## Ohio Police and Fire Pension Fund

### Notes to Schedule of Employer Allocations and Schedule of Pension Amounts by Employer

#### **Note 1. Nature of Entity**

The Ohio Police and Fire Pension Fund (OP&F) is a cost-sharing, multiple employer public employee retirement system and was created by the Ohio General Assembly in 1965, replacing 454 separate local police and firefighter relief and pension funds in Ohio. OP&F began operating as a statewide retirement fund on January 1, 1967. On that date, local pension funds transferred their assets and liabilities to OP&F. Assets transferred to OP&F totaled approximately \$75 million, while the OP&F actuary computed the liabilities accrued to 1966 at approximately \$490 million. Employers began paying the remaining unfunded accrued liability in 1969 over a 67-year period. As of December 31, 2019 the balance totaled \$18.9 million.

OP&F is governed by Chapter 742 of the Ohio Revised Code. These statutes assign the authority to establish and amend the benefit provisions of the plan to the State Legislature. The operation of OP&F and the direction of its policies are the responsibility of the Board of Trustees of OP&F. The OP&F Board is responsible for the general administration and management of OP&F. The Board of Trustees is composed of nine members: two active representatives of police departments, two active representatives of fire departments, one retired police officer and one retired firefighter. The Board also includes three statutory members. Each statutory member – one appointed by the Governor of Ohio, one by the Ohio Treasurer of State, and one appointed jointly by the Ohio Senate President and Ohio Speaker of the House of Representatives – must have professional investment expertise.

**Defined benefit plan:** A traditional defined benefit plan was established in 1965 (the Plan). A summary of the benefit provisions can be found in OP&F's comprehensive annual financial report (CAFR) Notes to the Financial Statements. OP&F's CAFR can be accessed on their website at [www.op-f.org](http://www.op-f.org).

#### **Note 2. Summary of Significant Accounting Policies**

**Nature of schedules:** Employers participating in a cost-sharing pension plan, and any non-employer contributing entities that meet the definition of a special funding situation, are required to recognize their proportionate share of the collective pension amounts for pension benefits provided to members through the OP&F plan. State retirement law requires contributions by covered employees and their employers, and limits the maximum rate of contributions. The Board of Trustees sets contribution rates within the allowable limits. The adequacy of employer contribution rates is determined annually by actuarial valuation using the entry age normal cost method. During fiscal year 2019, employees were required to contribute 12.25%. The Police employers were required to contribute 19.5% of member payroll while the fire employers contributed 24.0% of member payroll. OP&F does have one special funding situation that is included in the required calculations.

The Schedule of Employer Allocations presents the fiscal year 2019 contributions for each employer and the respective allocation percentage. The Schedule of Pension Amounts by Employer presents the proportionate share of total net pension liability, total deferred outflows of resources, total deferred inflows of resources, and total pension expense for all OP&F employers. The pension expense includes the amortization of the current year differences between expected and actual economic and demographic experience, differences between projected and actual investment earnings (net) on Plan investments, amortization of the change in proportionate share, and the impact of changes of assumptions about future economic or demographic factors or other inputs. The pension expense does not include amortization of deferred inflows and deferred outflows recognized during previous periods.

**Measurement focus and basis of accounting:** The financial transactions are recorded using the economic resources measurement focus and the accrual basis of accounting. Employer contributions are recognized as revenue when due pursuant to statutory or contractual requirements.

## Ohio Police and Fire Pension Fund

### Notes to Schedule of Employer Allocations and Schedule of Pension Amounts by Employer

#### **Note 2. Summary of Significant Accounting Policies (Continued)**

**Use of estimates:** The preparation of the Schedule of Employer Allocations and Schedule of Pension Amounts by Employer (Schedules) in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts, and changes therein, and disclosures. Actual results could differ from those estimates and differences could be material.

**Basis of allocation:** In determining the proportionate share of the net pension liability and corresponding employer pension amounts for a cost-sharing plan, the basis should be consistent with the manner in which contributions are made to the Plan, excluding those to separately finance specific liabilities of an individual employer. OP&F has determined that the actual contributions made to the Plan during fiscal year 2019 are appropriate as the allocation basis because they are representative of future contributions.

#### **Note 3. Contributions**

The fiscal year 2019 total employer pension contributions to OP&F used as the denominator for the allocation calculation in the Schedule of Employer Allocations can be reconciled to OP&F's fiscal year 2019 CAFR as follows:

|   |                                     |
|---|-------------------------------------|
| Defined benefit plan employer contributions                   | \$ 502,043,282                      |
| Special funding entity  | <u>260,488</u>                      |
| <b>Total contributions</b>                                    | <b>502,303,770</b>                  |
| Employer payments allocation to Health Care Fund              | <u>11,973,144</u>                   |
| <b>Total contributions - schedule of employer allocations</b> | <b><u><u>\$ 514,276,914</u></u></b> |

Employer contributions to the Health Care Fund represent an allocation of 0.5% of the employers' 19.5% Police and 24.0% Fire contribution of payroll to the Plan.

#### **Note 4. Deferred Outflows and Deferred Inflows**

Deferred outflows of resources are the consumption of net position by OP&F that is applicable to future reporting periods. Deferred outflows of resources have a positive effect on net position. Deferred inflows of resources are the acquisition of net position that is applicable to future reporting periods. Deferred inflows of resources have a negative effect on net position. Other than differences between projected and actual investment earnings, deferred inflows and outflows of resources are recognized in pension expense beginning in the current period, using a straight line method over a closed period equal to the average of the expected remaining service lives of all employees that are provided with pensions through OP&F (active and inactive), determined as of the beginning of the measurement period. The average of the expected remaining service lives of all members for fiscal year 2019 is 5.38 years. Net deferred inflows (or outflows) of resources pertaining to differences between projected and actual investment earnings are similarly recognized over a closed five year period.

## Ohio Police and Fire Pension Fund

### Notes to Schedule of Employer Allocations and Schedule of Pension Amounts by Employer

#### Note 4. Deferred Outflows and Deferred Inflows (Continued)

The future amortization of current year deferred outflows and inflows at December 31, 2019 is as follows:

|      | Deferred<br>Outflows** | Deferred<br>Inflows**   |
|------|------------------------|-------------------------|
| 2020 | \$ -                   | \$ 321,154,344          |
| 2021 | -                      | 321,154,344             |
| 2022 | -                      | 321,154,344             |
| 2023 | -                      | 321,154,344             |
| 2024 | -                      | 29,783,023              |
|      | <u>\$ -</u>            | <u>\$ 1,314,400,399</u> |

\*\* The tables above do not include deferred outflows/inflows from previous years. Refer to previous year reports to calculate the cumulative deferred outflows/inflows for financial reporting purposes. The change in proportionate share of contributions as reflected on the Schedule of Pension Amounts by Employer results in deferred outflows and inflows, however, these amounts are not included in the table above. These amounts will be amortized at the employer level over the average expected remaining service life of all members.

#### Note 5. Pension Expense

The components of pension expense for the year ended December 31, 2019 are:

|   |                       |
|---|-----------------------|
| Service cost  | \$ 343,991,701        |
| Interest on the total pension liability   | 1,741,126,879         |
| Employee contributions  | (303,413,682)         |
| Projected earnings on plan investments  | (1,091,364,904)       |
| Pension plan administrative expenses and other  | 21,410,301            |
| Recognition of outflow (inflow) of current period differences in expected and actual experience liabilities       | (78,376,370)          |
| Recognition of outflow (inflow) of current period differences in expected and actual earnings of plan investments | (242,777,974)         |
| <b>Total pension expense - schedule of pension amounts by employer</b>  | <u>390,595,951</u>    |
| Recognition of beginning deferred outflows of resources as pension expense  | 678,051,194           |
| Recognition of beginning deferred inflows of resources as pension expense   | (190,174,756)         |
| <b>Total pension expense</b>  | <u>\$ 878,472,389</u> |

## Ohio Police and Fire Pension Fund

### Notes to Schedule of Employer Allocations and Schedule of Pension Amounts by Employer

#### Note 6. Net Pension Liability and Actuarial Information – Defined Benefit Plans

The net pension liability (NPL) is the portion of the actuarial present value of projected benefit payments related to past periods. The NPL for the employers is based on the allocation percentages from the Schedule of Employer Allocations.

The components of the net pension liability as of December 31, 2019 are as follows:

|         | Total<br>Pension<br>Liability<br>(a) | Fiduciary<br>Net<br>Position<br>(b) | Liability<br>(Surplus)<br>(a) - (b) | Fidciary Net<br>Position as of<br>Percent of Total<br>Pension Liability<br>(b) / (a) |
|---------|--------------------------------------|-------------------------------------|-------------------------------------|--|
| Pension | \$ 22,373,124,957                    | \$ 15,636,590,807                   | \$ 6,736,534,150                    | 69.89%   |

The activity related to the net pension liability for fiscal year 2019 is set forth in the following table:

|   |                         |
|---|-------------------------|
| Net pension liability, January 1, 2019          | \$ 8,162,642,368        |
| Total pension expense                           | 878,472,389             |
| Change in deferred outflows of resources        | (678,051,193)           |
| Change in deferred inflows of resources         | (1,124,225,644)         |
| Employer contributions                          | (502,303,770)           |
| <b>Net pension liability, December 31, 2019</b> | <b>\$ 6,736,534,150</b> |

The total pension liability is determined by OP&F's actuaries in accordance with GASB Statement No. 67, as part of their annual valuation. Actuarial valuations of an ongoing retirement plan involve estimates of the value of reported amounts and assumptions about probability of occurrence of events far into the future. Examples include assumptions about future employment mortality, salary increases, disabilities, retirements and employment terminations. Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future. Experience study assumptions were performed by OP&F's prior actuary and completed as of December 31, 2016. Changes in demographic and economic actuarial assumptions were made. Assumptions considered were: withdrawal rates, disability retirement, service retirement, DROP elections, mortality, percent married and forms of payment, DROP interest rate, CPI-based COLA, investment returns, salary increases and payroll growth. The changes in assumptions are being amortized over the estimated remaining useful live of the participants which was 5.38 years at December 31, 2019.

Key methods and assumptions used in calculating the total pension liability in the latest actuarial valuation are presented below:

|   |   |
|---|---|
| Valuation Date                                | January 1, 2019, with actuarial liabilities rolled forward to December 31, 2019         |
| Actuarial Cost Method                         | Entry Age Normal (Level Percent of Payroll)   |
| Actuarial Assumption<br>Experience Study Date | 5 year period ended December 31, 2016   |
| Investment Rate of Return                     | 8.00%   |
| Cost of Living Increases (COLA)               | 3% simple; 2.2% simple for increases based on the lesser of the Increase in CPI and 3%. |

## Ohio Police and Fire Pension Fund

### Notes to Schedule of Employer Allocations and Schedule of Pension Amounts by Employer

#### **Note 6. Net Pension Liability and Actuarial Information – Defined Benefit Plans (Continued)**

|                  |  |
|------------------|--|
| Salary increases | 3.75% to 10.50%  |
| Payroll growth   | 3.25 percent per annum, compounded annually, consisting of inflation rate of 2.75 percent plus productivity increase rate of 0.5 percent |

#### **Healthy Mortality**

Mortality for non-disabled participants is based on the RP-2014 Total Employee and Healthy Annuitant Mortality Tables rolled back to 2006, adjusted according to the rates in the following table, and projected with the Buck Modified 2016 Improvement Scale. Rates for surviving beneficiaries are adjusted by 120%.

| Age        | Police | Fire |
|------------|--------|------|
| 67 or less | 77%    | 68%  |
| 68-77      | 105%   | 87%  |
| 78 and up  | 115%   | 120% |

#### **Disabled Mortality**

Mortality for disabled retirees is based on the RP-2014 Disabled Mortality Tables rolled back to 2006, adjusted according to the rates in the following table, and projected with the Buck Modified 2016 Improvement Scale.

| Age        | Police | Fire |
|------------|--------|------|
| 59 or less | 35%    | 35%  |
| 60-69      | 60%    | 45%  |
| 70-79      | 75%    | 70%  |
| 80 and up  | 100%   | 90%  |

The long-term expected rate of return on pension plan investments was determined using a building-block approach and assumes a time horizon, as defined in OP&F's Statement of Investment Policy. A forecasted rate of inflation serves as a baseline for the return expected. Various real return premiums over the baseline inflation rate have been established for each asset class. The long-term expected nominal rate of return has been determined by calculating a weighted average of the expected real return premiums for each asset class, adding the projected inflation rate and adding the expected return from rebalancing uncorrelated asset classes.

#### Note 6. Net Pension Liability and Actuarial Information – Defined Benefit Plans (Continued)

Best estimates of the long-term expected real rates of return for each major asset class included in OP&F's target asset allocation as of December 31, 2019 are summarized below:

| Asset Class                  | Target Allocation | Long-Term Expected Real Rate of Return |
|------------------------------|-------------------|--|
| Cash and Cash Equivalents    | 0.00%             | 1.00%                                  |
| Domestic Equity              | 16.00%            | 5.40%                                  |
| Non-U.S. Equity              | 16.00%            | 5.80%                                  |
| Private Markets              | 8.00%             | 8.00%                                  |
| Core Fixed Income*           | 23.00%            | 2.70%                                  |
| High Yield Fixed Income      | 7.00%             | 4.70%                                  |
| Private Credit               | 5.00%             | 5.50%                                  |
| U.S. Inflation Linked Bonds* | 17.00%            | 2.50%                                  |
| Master Limited Partnerships  | 8.00%             | 6.60%                                  |
| Real Assets                  | 8.00%             | 7.40%                                  |
| Private Real Estate          | 12.00%            | 6.40%                                  |
|                              | 120.00%           |  |

*Note: Assumptions are geometric*

OP&F's Board of Trustees has incorporated the risk parity concept into OP&F's asset liability valuation with the goal of reducing equity risk exposure, which reduces overall Total Portfolio risk without sacrificing return and creating a more risk-balanced portfolio based on the relationship between asset classes and economic environments. From the notional portfolio perspective above, the Total Portfolio may be levered up to 1.20 times due to the application of leverage in certain fixed income asset classes.

Total pension liability was calculated using the discount rate of 8.00%. The projection of cash flows used to determine the discount rate assumed the contributions from employers and from members would be computed based on contribution requirements as stipulated by state statute. Projected inflows from investment earnings were calculated using the longer-term assumed investment rate of return 8.00 percent. Based on those assumptions, OP&F's fiduciary net position was projected to be available to make all future benefit payment of current plan members. Therefore, a long-term expected rate of return on pension plan investments was applied to all periods of projected benefits to determine the total pension liability.

Net pension liability is sensitive to changes in the discount rate. To illustrate the potential impact, the following table presents the net pension liability calculated using the discount rate of 8.00 percent, as well as what the net pension liability would be if it were calculated using a discount rate that is one percentage point lower, 7.00 percent, or one percentage point higher, 9.00 percent, than the current rate:

|                              | 1% Decrease             | Current Rate            | 1% Increase             |
|------------------------------|-------------------------|-------------------------|-------------------------|
| Discount rate                | 7.00%                   | 8.00%                   | 9.00%                   |
| Total pension liability      | \$ 24,973,192,944       | \$ 22,373,124,957       | \$ 20,198,425,901       |
| Plan fiduciary net position  | 15,636,590,807          | 15,636,590,807          | 15,636,590,807          |
| <b>Net pension liability</b> | <b>\$ 9,336,602,137</b> | <b>\$ 6,736,534,150</b> | <b>\$ 4,561,835,094</b> |

### Notes to Schedule of Employer Allocations and Schedule of Pension Amounts by Employer

#### **Note 7. Subsequent Event**

The United States and the State of Ohio declared a state of emergency in March 2020 due to the COVID-19 pandemic. The financial impact of COVID-19 and the ensuing emergency measures may impact subsequent periods of OP&F, including the fair value of OP&F's investment portfolio. However, because the values of individual investments fluctuate with market conditions, and due to market volatility, the amount of losses that may be recognized in subsequent periods cannot be determined with half of the fiscal year remaining. In addition, the impact on the OP&F's future operating costs, revenues, and any recovery from emergency funding, either federal or state, cannot be estimated.
